

PROJECT STAFF

Winona Khuu

Landscape Designer

Winona, joined **WTA** in 2024 as a part of our Landscape Architecture department. She has since proven her landscape architecture expertise across diverse project types. Winona comes from Ontario, Canada, with experience in high-end residential design. She also has extensive project coordination experience with streetscape redevelopment, parkland preservation, and transportation development projects in the city of Toronto. She has a Bachelor of Environmental Science in Urban Planning, specialization in Urban Design from the University of Waterloo, and a Master of Landscape Architecture from the University of Guelph. She brings her adept communication skills, fresh perspectives, and innovative solutions into every project.
