

PROJECT STAFF

Megan Thomas, NCIDQ, LEED AP

Interior Designer

With a unique blend of technical skill and high empathy, Megan has an innate ability to sense what a space needs and understand precisely what the client wants. Her designs go beyond aesthetics and functionality; they reflect a deep understanding of the occupants' desires and create spaces that truly resonate with their needs.

Megan's extensive experience, her NCIDQ and LEED-AP certifications, and her ability to infuse spaces with meaning and purpose, while thoughtfully connecting with clients, sets her apart as a truly remarkable interior designer at **WTA**.
