

PROJECT STAFF

Jason R. Goff, AIA, NCARB

Partner

Jason is a highly-skilled and detail-oriented architect with a wealth of experience in the industry. He has successfully led a diverse range of projects, including studies, programming, new building constructions, and the renovation of existing structures. As the leader of our team, Jason oversees various aspects of the architectural process, from construction document production to coordination with engineering disciplines, building and life safety code review, cost estimating, and scheduling.

Jason's meticulous approach to project execution and exceptional problem-solving skills have earned him the trust of clients and colleagues alike. His ability to balance design creativity with technical precision makes him an invaluable member of our team and reinforces our commitment to excellence in every endeavor.
