

Deedra M. Richmond

Interior Designer

With 25 years of experience in interior design, Deedra is driven to create inspired spaces that invigorate occupants' learning, healing and working environments. Not only does she craft design concepts for stand-alone interiors projects, she regularly collaborates on whole building design with her WTA team and consultants, weaving the architectural design fabric into the interior details. Deedra takes charge of programming through construction documents, bidding and contract administration as it relates to interior design including custom casework, furnishings, signage, finishes and lighting with a focus on sustainability. She has the following projects to her credit:
